- ▶ Use this form for each multi-ingredient product you manufacture, including house-made ingredients, e.g. cannabis infused butter. Also use this form for pre-rolls that contain more than one cannabis ingredient or non-cannabis ingredients. *Private label/marketers who do not manufacture products are not required to complete this form; instead submit an ingredient statement from the manufacturer.*
- ▶ An [Excel version](#) of this document is available online or by contacting CCOF. Complete one OCal H2.0B form for each product.
- ▶ See formulas below headers to guide calculations. Weight or fluid volume unit of measurement must be the same for each ingredient, e.g. grams.
- ▶ If you are unclear on the % organic content of an ingredient (B), contact the supplier's organic certifier to request confirmation.
- ▶ For each nonorganic ingredient or processing aid not previously approved by CCOF, submit a [Ocal Product Nonorganic Material Affidavit](#) or [Ocal Natural Flavor Affidavit](#). Search for approved materials on [MyCCOF.org](http://MyCCOF.org).
